

SINGAPORE FENGSHUI EXPEDITION (AFTERNOON ITINERARY) 10 to go

1:30 PM- Start of tour

Meeting & Adjourn place: Raffles Hotel

First station – [East Coast](#). “The moon & stars” can be found in one of the real estate development along Marine parade. It means that people living in this area will have a bright future and career ahead with the moon guiding their path.

Second station – [Changi Airport](#). The phoenix in geomancy terms represents the west. The route heading for the airport is the west, passing the Benjamin Sheares Bridge to Changi airport. Is like a phoenix flying to see the world.

Third station – [Suntec City](#). The “Fountain of Wealth” is the “Monkey God holding a night pearl” pattern. If you wish to get luck in this fountain, please put your right hand to the flowing water then turn clockwise around the fountain. Then place your wet fingers on your forehead and brush it upwards to the back. It means that you can have luck ahead of you.

Fourth station – [Marina bay](#), [Marina Mandarin](#), [Pan Pacific](#), [The Oriental Singapore](#), [Ritz Carlton](#) on the top view resembles like the Chinese mythical creature “Qilin”, fusion of cow’s tail, dragon’s head, scaled body like a fish, deer structure; which can lived up to 2000 years old. The people regard that this creature can give baby to those who wanted to have. And give prosper and luck to the family as well.

Fifth station – [New marina bay](#), the design of the structure resembles like a “bat”. Bat is a night creature, active during night time. This will also be the future site of the casino. So all the establishments related to night business will prosper. If you want to have luck, go to the lotus building and walk one round, good luck will shine upon you.

Sixth station – The shape of Singapore Island is like an eagle flying high. [Mount Faber](#) is the Eagle’s head. Once the eagle spotted its prey they cannot escape its claw. The eagle changes its wings every 40 years. It will rest for a year to recover and then continue its quest. Singapore is already 40 years after it got their independence. So Singapore economy will be like the eagle which will soar high again in the world.

Seventh station – The shape of [Sentosa Island](#) is like a “field mouse gazing up the moon”. Field mouse is active during night time. Casino and other night life business will also prosper in this island.

Eight station – [Singapore National Museum \(SNM\)](#) is situated on the lower ground of the hill facing east, which the sun rises in the east. The frog which is the SNM, lives on the lower ground, is not the same frog which lives in the well, they are educated and are so called the sun’s students; they promised their teacher, the sun, to record all the important events and passed it on to the next generations.

Ninth station – Visit the place where it houses the Imperial Jade Seal. In the olden days, the seal represents authority, one’s position and fortune.
